Dear Richard:

A late note to thank you for such a great performance at our 4th annual Children's Halloween Party this year. Your "Ha Ha Halloween" show was absolutely spectacular and the best we've ever done! The children loved all the puppets and your routines were hysterical! Audience interaction was great and everyone really enjoyed themselves. (Our best testimonial for you was keeping 90 children and 40 adults laughing for 45 minutes.)

I appreciate your professional manner from start to finish – including doing all your set-up and breakdown! I look forward to your future routines and working with you again.

Sincerely,

Carol Garrison, Program Coordinator
City of Riverview, Recreation Department
