

*He's That Funny
Puppet Guy
Ventriloquist
Richard Paul*

Introduction

Over the past twenty five years our entertainer has performed for over 100,000 thousand people throughout the world.

At the age of 11, he taught himself the art of ventriloquism. At 12, he began to sharpen his performance skill by producing and marketing a weekly neighborhood ventriloquist show in his parents garage, charging ten cents to get in and twenty five cents to get out....

He has been seen on ABC's Good Morning America... waving through the window.

He was just named best ventriloquist - in his family...

Please welcome: Richard Paul
